#### ABSTRACT

The purpose of this project under the concept “King of the Kings” is to present the history of King Rama IX through His skillful activities to improve Thailand during His reign for 70 years. In remembrance of King Rama IX and sending condolences on the loss, the artist created this project to show His feeling on this occasion through the set of mixed-media painting artworks named “King of the Kings” The artworks are using acrylic on printing in realistic and mixed-media technique. The painting set consists of six painting showing similar story by composing visual elements to show the unity of patterns, Story and techniques using in this project. That could show the differences of this project from others painting and that are familiar the aesthetic and history value as cultural heritage for next generation.
