### **ABSTRACT**

Create under the subject of " Colorful Manora robes", the purpose of this creative topic is to present an experience from watching the performing arts of "Manora" particularly the outfit which is strikingly colorful, unique, and impressing, a source of creative ideas of oil painting style in realism. This works also develops the skills and techniques in creating works of visual art, that is different from the photos, movies and other kind of formats as well. In addition, exhibiting this work to public helps preserving the nation's cultural heritage.

I hereby expression such contents to by using oil on canvas technique using the visual elements of art, such as color and shading, mainly because of the color and shade can feel by bringing other visual elements to create a high-true color is a solid dark color and to highlight the outstanding color of "Manora robes", to bring the value of these new contents based on the concept of unity and cultural heritage of the future.
